J. H. PACE.

Mr. J. S. Williams, of Robertson county, says:

Mr. J. J. Crusman, Dear Sir: I used the past season the Homestead Tobacco Grower, the Anchor Brand Fertilizer, a Cleveland Brand, a Chicago Brand and stable manure. I found all of the fertilizers to be useful and improve the crop, but I have no hesitation in saying that the HOMESTEAD TOBACCO GROWER is decidedly my preference, as the land on which it was used still gives evidence that it is a PERMANENT FETILIZER, while the presence of others is hardly perceptible now.
Yours truly, J. S. WILLIAMS.

1-3 more Tobacco and better than Stable Manure.

MR. J. J. CRUSMAN—Dear Sir: I purchased of you more than a ton of the HOMESTEAD TOBACCO GROWER and used it one teaspoonful to the hill, and am confident that the yield is fully 1-3 greater, and the quality very much better than the same land without it. I can safely say that the HOMESTEAD TOBACCO GROWER is much the best fertilizer I have any knowledge of and better for Tobacco than stable manure. Yours truly,

Blind Tom! For the Homestead Tobacco Grower 1 car load Studebaker Farm Wagons,

For use on plant beds, sow about 10 pounds for every 10 yards square; dig it in well. When the plants are up sow about same quantity just before a rain when the plants are dry. Never sow when the plants are wet with dew. If the fly is bad sow about 2 pounds to 10 yards square every 8 or 10 days. In the hill much depends on the character of the soil. Ordinarily a tablespoonful in the check before you make the hill.

COLLUTY COURT CITY For Tobacco use the Homestead Tobacco Grower. For Wheat, Corn, Grass, Potatoes, or other vegetables, Hardware, Iron Nails, Horse Shoes Fruit Trees, Shrubbery, etc., use the Homestead Superphosphate or Wheat and Corn Grower.
